## TWENTY-FIFTH YEAR AND TOUR

Sun Brothers' World's Progressive Shows are Coming Back Here Sept. 21.

Now on what is termed their twenty-fifth Jubilee Year and Tour, the Sun Brothers' World's Progressive Shows are coming back to Hopkinsville and will give two performances on Thursday, September 21.

It is hardly necessary to state here that this tented show is alright, for reason that our citizens know that it is all right and besides it is simon pure, all clean and respectable.

The advance printing matter states that the programme for presentation is absolutely all new for this season, not one old feature being retained. The success of this noted tented aggregation has been realized by presenting the American people a tented show entirely free from every form of graft; by keeping every promise made in the matter of exhibitions, and by treating those who visit these exhibitions with the utmost courtesy and respect. It is this manner of treatment which often causes one to feel more guest than patron when he visits the Sun Brothers' Shows.

Many of their rival showmen who countenanced the old time confidence man, the shell worker, the fortune teller, the short changer and other forms of graft made the assertion, that the show could not live without adjuncts of that kind, and also sneeringly referred to the Sun Brothers' Shows as "that Sunday Show."

Ever since its inception twenty-five years ago, the Sun Brothers have been deadly foes to anything of a demoralizing character and have kept their shows intact and free from it, and today it is the only show of its size in America that can successfully "repeat" each season town for town. The amusement going people have confidence in the show, because of the new and original performances each succeeding season, and always of the very best. Its great cleanliness and the honest, courtesy and fair treatment given to all who visit their shows or do business with them.

The show will arrive in Hopkinsville by special train service early Thursday a. m. At noon-time preceding the afternoon performance, a number of highly original free outside shows will be presented to the public, all taking place on the show grounds and absolutely free to the public.

### FASHIONS SET BY SOLDIERS

Many of the Styles of Today May Be Traced to Costumes Worn by Warriors of the Past.

"Soldiers have helped to set many fashions of the world," says an authority on dress. "It is not generally known that buttons on the sleeves originated in the French army, and were placed there to prevent the soldiers from wiping their mouths with the sleeves."

"The frock coat is a descendant of the waffenrock, a long garment falling below the knees to cover armor, and slit up the back for riding. The two purely ornamental buttons which adorn the backs of some modern frock coats were at one time supports for the sword belt."

"The Norfolk coat was designed from the chain-mail hauberk fastened round the waist with the sword belt. The peak cap is a copy of the helmets worn by soldiers up to the time of Cromwell. Heels were placed on shoes to prevent the feet from slipping through the stirrups."

### Testing Textiles.

In a machine invented in England to test the durability of textiles, dull-edged blades are rubbed by an electric motor against the fabrics until they are worn through.

### Worth Weight in Gold.

Abingdom, Va.—Mrs. Jennie McCal, of this place, says, "I had been troubled with female complaints, for over ten years. I could not walk or stand on my feet, and had been almost confined to the house, for a long time. I began to take Cardui, the woman's tonic, and now I can walk anywhere I want to go. Cardui is worth its weight in gold." This is a high estimate on a plain, herb medicine, yet there are thousands of women who would gladly pay this price for a remedy to relieve their suffering. Cardui has helped others. Why not you? Try it. Your druggist sells it, in \$1. bottles.—Advertisement.

"Dubwaite was enthusiastic some time ago about starting a garden."

"He started one, all right, but he dug up so many angle worms during the first day's work that he couldn't resist the temptation to go fishing."

"And I don't suppose he has done a stroke of work in the garden since."

"Oh, yes. He goes out there every few days and digs up some more angle worms."
